

**Rabbis for Ceasefire Statement in Solidarity with the Islamic Center of San Diego
May 2026**

Rabbis for Ceasefire joins the many voices offering words of comfort, outrage, and solidarity to the community of the Islamic Center of San Diego as they mourn the three community members who were killed and move through reverberations of fear from this attack throughout their congregation.

We know that Islamophobia is alive and well in this country, stoked by right wing nationalists who seek to consolidate power by scapegoating marginalized communities. Being the targets of this kind violence is a dreadful commonality for Jewish and Muslim communities. By building solidarity across lines of difference, rather than allowing the tactic of divide-and-conquer to rule the day, we can forge stronger alliances toward realizing thriving multiracial, multifaith communities where we can all pray, learn, and gather without fear.

We are with you, ICSD, we mourn alongside you, and we love you.
